

Congratulations on your new Bintelli Nexus! Use this guide for quick access to information on use and care. Refer to your full user manuals for more detailed information!

Long Term Storage

- Charge the battery system to 80%
- Turn the “Tow/Run” switch to the “Tow” position.
- Remove the key and keep it in a safe place.
- Ensure each tire is inflated to 25psi.
- Ensure battery cable connections are secure and free of corrosion
- Clean the body, seats, battery box, and chassis.
- If storing outdoors, cover the vehicle with a storage cover.
- Monitor the battery connections charge state and cables for corrosion monthly.
- Press and hold battery power button for 5 seconds to turn off.

Safe Operation Instructions

Please make sure to observe the following safe operation instructions. Ensure you are familiar with all of the controls of the vehicle prior to operating. Prior to operating the vehicle, perform checks on the battery, tires, body/chassis, brakes, parking brake, and steering. To power on your Nexus, first ensure the battery is powered on and the tow/run switch is in the “run” position. Then while making sure your vehicle’s key fob is onboard, press the vehicles’ power button once to activate the accessory mode and then again to turn the vehicle on. Press once more to turn the vehicle off.

1. Power Button
2. Multifunction Switch (Turn Signals, Headlights, High Beams)
3. Telescopic Steering Lock
4. Locking Storage Compartment
5. Emergency Flasher Switch
6. 12v Power Port
7. Forward/Reverse switch
8. USB Charging Port
9. Brake Pedal
10. Accelerator Pedal
11. Parking Brake
12. Charging Port
13. Tow/Run Switch
14. Battery Power Button

The Nexus charger is fully automatic. Once plugged in, it will begin the charging process and shut down when complete. Battery charge status during charging can be viewed by turning the cart on, connecting the Eco Battery app, or by LED status lights on the charger inside the battery compartment.

Congratulations on your new Bintelli Nexus, welcome to the family!
